

UPLINK UNIT

- ✓ Perfect for cars or outdoor mobile applications
- ✓ WiFi 2.4 GHz AP in a rugged case
- ✓ Automotive power connector
- ✓ Operates at -30°C to 70°C
- ✓ Built-in GPS
- ✓ Two SIM modules
- ✓ Powering: 12-27 VDC

UPLINK Unit

4G (LTE) Access Point with GPS support. Two active modems, one of which has a fail-over to a third SIM card, provide a robust and secure connection to your vehicle.

The router is built for the harsh environment that is in a vehicle, with vibrations and large temperature fluctuations (-40 C ° to +70 C °) and is therefore the perfect solution for not only GPS tracking vehicles, but also streaming live video in real-time for call centers.

7.999 DKK

AGGREGATION UNIT

12-24 VDC -15 % / +20 %, max. 10 W
110mm x 96mm x 22.5 mm
Channel Bonding (aggregation)
Seamless fail-over
AES-based encryption algorithm

Aggregation Unit™ is a high efficiency internet connection unit that combines internet from several networks into one strong connection. The Aggregation Unit is typically vehicle mounted.

The unit is perfect for the professional user who is looking for a very resilient and robust connection to the internet on site in the field. It will give you higher bandwidth which can be used for superior video streaming, seamless fail-over and improved data connection for large file transfers or heavy online applications. Moreover, it features an automatic protection mechanism that makes sure you will be online even if one is erratic or completely disconnects.

This unit comes without integrated LTE modems but fits seamlessly with the Uplink Unit and combines a number of connections into one strong connection.

*Also requires an aggregation HUB subscription of. Each hub can handle up to 10 vehicles

Antennas

Vehicle antenna with 2x 5G compatible LTE, 2x WiFi, 1x GPS. Easy installation and you can paint the antenna in any RAL color.

2.700 DKK ex. vat

2 way, wideband, 50 ohm, RF antenna combiner furnished with type-N female coaxial connectors. All wireless band frequencies in the range from 698 to 2700 MHz are covered with optimal RF performance.

700 DKK ex. vat

450Mhz antenne som understøtter ICE Net (CDMA) 4G nettet. Antennen er en klassisk pisk antenne, som er nem at montere på taget af køretøjet.

1.200 DKK ex. vat

Front cameras

- 1080p recording
- No audio (unless an I/O module and microphone is added)
- Black skin can be added for better integration with the dashboard

3.199 DKK ex. vat

- High-speed video with 1/2" sensor and i-CS lens
- HDTV 1080p at 100/120 fps
- Electronic image stabilization (EIS)
- Forensic WDR

8.900 DKK ex. vat

- Palm-sized Pan, Tilt, Zoom
- 5x optical zoom
- HDTV 1080p
- Autofocus and WDR
- 0 to 45 °C

4.550 DKK ex. vat

- PoE midspan
- 10/100/1000BASE-T to
- 100/1000BASE-X,
- SFP
- 4Gbps

900 DKK ex. vat

Whiteboard kamera + microphone + I/O triggers

- HDTV 1080p at 50/60 fps
- Forensic Capture
- I/O ports for external devices
- Power over Ethernet or DC power

2.990 DKK ex. vat

- HDTV 720p
- 102° wide angle
- Dome accessory included
- Powered by 24 V AC High PoE midspan

2.605 DKK ex. vat

- Outstanding audio with low noise-level
- Discreet and compact analogue microphone
- Hemispherical
- Flexible installation

840 DKK ex. vat

- Eight digital I/O ports
- Superb audio quality
- Speaker output
- Balanced microphone support
- Power over Ethernet

2.300 DKK ex. vat

Mast, lift or roof mounted cameras

- 230v POE powered (included)
- HDTV 1080p and 30x optical zoom
- Long-range OptimizedIR
- 1/2" sensor for high dynamic range
- MIL-STD-810G and NEMA TS-2 compliant

24.995 DKK ex. vat

- 12v Powered
- 2 MP resolution
- Tilt angle from -90° to 90°
- 23x optical zoom
- Mobile vehicles supported with anti-vibration design

12.950 DKK ex. vat

- 12VDC Powered Heater roof or light-bridge housing
- PoE to camera
- IP68 Waterproof
- Shell-Shock Vibration Suppression
- Can be fitted with a variety of PTZ or fixed-camera models

5.286 DKK ex. vat

- HDTV 1080p & 10x optical zoom
- Continuous 360° pan
- Two-way audio and I/O
- IP66
- 2 Mega pixel
- Operating temp. -20 to 50°C

7.400 DKK ex. vat
